

Unit Evaluation Table

The source evaluation criteria are kept for teacher reflection and adjustment

Criterion	Rating	Explanation of	Suggested action
Represents a logical sequence of learning that meets syllabus requirements			
Explicitly addresses all outcomes for the stage			
Identifies assessment tasks and when they occur in the sequence of learning			
Reflects the needs, interests and abilities of all students			
Identifies the key concepts and skills as well as the content focus of each unit of work			
Reflects the recursive nature of learning, providing opportunities to revisit outcomes over the stage			
Allows for and works around school-based events			
Builds in flexibility to ensure equitable access to resources			
Coordinates with scope and sequences for other key learning areas
